

## **Xumek Malbec**

MENDOZA (ARGENTINA)

In 1997 **Ezequiel Eskenazi**, founder of Xumek, searched Argentina for the perfect winery location. Instantly drawn to the province of **San Juan** in the Cuyo region, he planted Malbec vineyards nearly 3,000 feet high. Acclaimed Napa producer **Paul Hobbs** joined as consulting winemaker in 2008. Partially aged 4 months in French & American oak, it's bursting with velvety cassis notes and vanilla. Pair it with roasted meats, steamed veggies or hard cheeses. *Cheers!*
